## STARKS PEOPLE WANT NEW TOWN?

Rumor That County Board Will  
Be Petitioned To Cut Slice  
From Pelican

Residents of the town of Pelican are somewhat aroused over a rumor that a petition, signed by voters of Starks, will be presented at the March meeting of the Oneida county board, asking that certain territory comprising the village of Starks and surrounding settlement be annexed from the town of Pelican and a new town created. The new town, if the board is favorable to the petition, will be named Starks, states the report.

As the rumor regarding the petition cannot be confirmed it may be merely idle talk, although many are inclined to believe that it is based more or less on fact.

## SIX CENT BREAD FOR RHINELANDER

High Cost Of Flour To Force  
Bakers To Add Cent To  
Price Of Loaves

Six cent bread for Rhinelander. How does this sound to Rhinelander people who depend upon the local bakeries for the "staff of life." That the price of bread here, will shortly increase from five cents to six cents per loaf is announced by the bakers.

Owing to the big jump in the price of flour the bakers of this city feel that it will be necessary for them to add one cent to the selling price of bread. Six cent bread now prevails in a large number of cities in Wisconsin and other states, and even at that price many bakers have been forced to decrease the size of their loaves.

C. D. Kirk, of Kirk's Bakery and Kandy Kitchen, stated Tuesday this with the almost daily boosts in flour his bakery will be compelled to raise the price of bread to six cents. The increase may not be made for several days but sooner or later it is certain to come.

"Rhinelander people can expect to pay six cents for a loaf of bread at almost any time now," said Mr. Kirk. "We are trying to hold off from putting on the extra cent as long as we can, but we will very soon be unable to sell bread at five cents and play even. Other cities have been paying six cents for the last ten days or more and Rhinelander will be among the last to fall in line."

Even at six cents per loaf Mr. Kirk contends that it will be cheaper for the average housewife to patronize the bakers than to buy flour at the present high price and do home baking.

## VARDEN TO SING IN IRONWOOD

The Varden, Rhinelander's celebrated Scandinavian singing society will give a concert in Ironwood, Sunday, February 23, in response to an invitation extended by the Norwegian Lutheran church society of that city. Fifteen singers, the entire roster of the Varden, will participate in the concert for which a delightful program has already been arranged.

So widely has spread the fame of the Varden that the request from Ironwood is only one of several received for concerts from nearby cities. The Varden is recognized as one of the greatest organizations of vocalists in northern Wisconsin.

## VETERAN ANSWERS FINAL ROLL CALL

Thomas O'Hare, Early and  
Highly Esteemed Resident, Is  
Victim of Pneumonia

In the passing of Thomas O'Hare whose departure from this life occurred at 12 o'clock Friday night, Rhinelander loses one of its early settlers as well as a generally well liked and esteemed citizen. Mr. O'Hare who had always been in rugged health despite his advanced years was stricken with pneumonia Monday February 1; the disease quickly assumed an acute form and after the first day his loved ones and friends began to realize that his fight would prove a futile one. Unable to longer hold out against the inevitable he sank into the final sleep at the time above stated after an illness of four days.

Thomas O'Hare was born in Middleburg, Addison county, Vermont December 13, 1840. In 1841 he moved with his parents to Wisconsin, locating in Milwaukee. For several years the family lived in and near that city and then moved to the vicinity of Portage where they were numbered among the early residents.

When the war of the rebellion broke out Mr. O'Hare enlisted as a member of Company A 17th Wisconsin and for nearly four years served

with credit in the union army. He participated in several bloody battles and was frequently commended by the officers of his regiment for bravery.

Mr. O'Hare was married in Briggsville, Wis., to Miss Mary Ann Dunn. To them was born eight children, six of whom with the mother survive, namely, Mrs. B. N. Moran, Mrs. Abbie Donnelly, Mrs. Emil Hack and John O'Hare of this city and Mrs. Robert Young of Hurley and Thomas O'Hare of Wausau. One sister and two brothers also survive, Mrs. J. G. Dunn and John O'Hare of this city and Michael O'Hare of Kenmar, N. D.

Nearly a quarter of a century ago Mr. O'Hare and family moved to Rhinelander and have since continuously resided here. Mr. O'Hare's amiable disposition and quiet humor made him popular among his friends. He adhered strictly to the golden rule and never talked ill of anyone. In public matters he took keen interest and was a loyal republican.

Last December 13th Mr. O'Hare celebrated his 75th birthday and surrounded by his children and grand children the occasion proved a happy one for him. At that time he was granted a pension of one dollar per day from the government.

The funeral of deceased was held Tuesday morning from St. Mary's church, Rev. Father Wuchter having charge. The services were largely attended and the floral tributes were many and beautiful.

FINED \$1 AND COSTS.

Robert Rasmussen answered to a charge of assault and battery in Judge Smith's court Monday and was fined \$1 and costs. Martha Malone made the complaint.

## BILL BAGS BIG BLACK BEAR; BRINGS BACK BABY BRUINS

Crying almost constantly for Mother Bruin, whose sleek black pelt is now being converted into a beautiful parlor rug, two tiny baby bears, their eyes not yet open, are sole occupants of a large cracker box in the home of William Daniels, 197 S. Brown street.

While working in the woods near his Monico camp Friday Mr. Daniels discovered an old bear and three newly arrived cubs secluded in a wind fall. Without disturbing the strange family Mr. Daniels hastened back to camp, and procuring a rifle returned to the scene where with a well directed shot he ended the career of Mrs. Bruin.

In her death struggles the mother accidentally killed one of the cubs but the remaining two were rescued by Mr. Daniels, who wrapped them warmly in blankets and brought them home. With tender care and liberal

quantities of nice rich cows' milk, properly heated and administered through a nursing bottle, Mr. Daniels has expectations that the little Bruins will thrive and develop into good sized bears. He intends to keep them until they become too large to be house pets and will then either present them to the Milwaukee Zoo or sell them to Skerbeck's circus.

The cubs are attracting as much attention as a whole menagerie and hundreds of people have called at the Daniels home to see them. As previously stated Mr. Daniels is having the skin of the old bear made into a rug. C. E. Elusser, the local taxidermist, is doing the work.

For bears to have young at this time of the year is uncommon (say old woodsman) and is an indication of an early spring.

## KRISTENSEN MAY RUN "JITNEY" BUS

Rhinelander is to have "jitney" bus service during the coming summer if the present plans of Matt Kristensen, proprietor of Kristensen's garage at 131 S. Stevens St., are carried out. Mr. Kristensen believes that the operation of a "jitney" bus in this city would prove a profitable undertaking and he is arranging for the purchase of such a car for delivery about May 1. It is his intention to operate the bus on a regular schedule running from the north side to the south side and west side to east side. In fact the service will extend through every part of the city and at a fare of five cents should prove a popular means of transportation. The bus will also meet all trains.

Those who have learned of Mr. Kristensen's plans consider them feasible. There appears to be no reason why a "jitney" bus should not pay here. Other cities throughout the country, many not as large as Rhinelander, have "jitney" buses which are being operated at a good profit to the owners.

The name "jitney" bus is derived from the amount of fare charged passengers, five cents or a "jitney". It is a style of transportation which is rapidly becoming popular every place where inaugurated.

## MISS DOYLE GIVES IRISH READING

Before a fair sized and highly appreciative audience at the Grand Opera House Thursday night Miss Mary Agnes Doyle, gifted elocutionist and dramatic reader, charmingly gave that pleasing reading "Peg O' My Heart." This was Miss Doyle's initial appearance in Rhinelander and those who heard her sincerely hope that it will not be her last. Previous to the reading the Royal Quartette sang two well received selections, "When It's Moonlight in Mayo" and "Somewhere A Voice Is Calling."

Miss Doyle's rendition of the quaint Irish comedy was superb and her portrayal of "Peg", as well as other characters of the story, was done with a rare cleverness. One could readily imagine the entire play being enacted before them by the complete cast, so fascinating and true to life was Miss Doyle's interpretation. She possesses a sweet Irish brogue, and a winning smile, which with natural Irish characteristics, splendidly fit her for this particular reading.

Miss Doyle appeared in this city under the auspices of the Young Ladies' Sodality of St. Mary's church. While here she was entertained by Mrs. A. W. Cruse.

## TELEPHONE OPERATORS HERE ANSWER 5,800 CALLS DAILY

Not only to insure prompt service but to lessen materially the tedious duties of the young lady operators are patrons of the Rhinelander telephone exchange urged to ask for numbers when desiring to talk with parties on the phone.

When it is taken into consideration that the operators of the local exchange, answer on an average, 5,800 calls a day, the capable service which they render is nothing short of remarkable. But in order to maintain this high standard of efficiency it is essential that they receive the united cooperation of the public. Immediate and correct connections can not always be made when patron give the names of the parties wanted instead of stating the numbers.

The young ladies, who preside at the switch board are not supposed to know the phone numbers of all subscribers on the exchange and in cases where numbers are not given they are not responsible for misadventures which might occur. It is a rule of the exchange for operator

not to make connections where subscribers fail to state numbers, but quite frequently, with the desire to be accommodating, the operators will disregard the rule.

Seven operators are employed at the Rhinelander exchange, not a large force, but sufficient to handle the vast amount of daily calls in a manner, which has placed the local exchange near the top of the list in Wisconsin for all around good service. These seven operators are all genial, gentle mannered girls whose cheerful "number please" in response to calls sounds like music to the ears of every patron, no matter how grouchy he may be. Although the girls blushing forbid the publication of their names it seems only proper to publish them, they are Sara Blaisdell, chief operator; Nina Cairnes, Mae Woodman, Cora Ruggles, Julia Buggles, Frances Cairnes and Marvel Lee.

To make their work as easy and pleasant as possible never forget to ask for number.

## LOSES FIRST GAME TO TOMAHAWK

Rhinelander Highs Meet Water-  
loo In Hatchet City—  
Score 32 to 37

The Rhinelander basket ball team accompanied by about twenty rooters, went to Tomahawk Friday to play a return game, and met with their first defeat of the season.

The gymnasium at Tomahawk is rather less than two-thirds the size of the local floor, and the baskets are fastened on the balcony some five or six feet out from the wall. During the first half the local team were utterly unable to locate them, and the score ended 20-8, in favor of Hatchet City warriors.

The second half opened with a rush and for awhile the points were all Rhinelander's, the score being tied at 22-22. The game went evenly until nearly the last minute of play, during which Tomahawk scored three baskets in rapid succession leaving the final score 32-27.

Few fouls were called on either side, and only one free throw was made during the game, that being scored by McRae. Member of Tomahawk as referee, gave satisfaction to both sides; no umpire was used. The game was played without bounds, and there was a large amount of interference with the ball by the spectators which should have been stopped. At times the ball was so vigorously batted about by the sidelines that an on-looker would have believed a game of indoor tennis was in progress.

Comparative scores, the game being 22-19 in Rhinelander's favor, and there 32-27 for Tomahawk, would seem to give Rhinelander quite an advantage, though the teams were quite evenly matched. Both sides are hoping for a chance to play off the tie on a neutral floor in the near future.

The line up for the game was as follows:

Froxyer, A.	C.	Harper
McRae, W.	F.	Linski
Cain, R.	F.	Meunier
Danielson, A.	G.	Brahmstedt
Strope, Z.	G.	Grant
Arnold, D.		
Danielson, C.		
White, R.	Subs.	

A pleasant dancing party in the gym followed the game, the dance closing at eleven-thirty.

What Rhinelander did not gain in athletic honors, it did get in a scholastic way, as Whelan Sullivan, of the class of '17 of the local high school succeeded in spelling down the Tomahawk pupils, thereby winning a box of candy donated by the teachers there.

## 20 MILLION CUT

John C. LaPage and Gust Friday, two of the Fish Lumber company camp foremen, were city visitors Sunday. Both are running camps near Koepnick where Mr. LaPage has a crew of 110 men and Mr. Friday's crew numbers 80 men.

Mr. LaPage stated that the Fish company is one of the heaviest logging operators in northern Wisconsin of its own and five jobber's camps. It is estimated that the season's cut will be over twenty million feet. The logs are shipped to Wausau and to the company's saw mill in Elcho.

Messrs. LaPage and Friday are two of the oldest and most widely known woods foremen in this part of the state, both having held positions with Brown Brothers' Lumber company many years.

TWO FUNNY MONKS  
Two residents of Monkeyland have taken up their headquarters in the City Hotel buffet where they are supplying patrons with more amusement than a comic supplement. The funny little animals were purchased by Sam Johnson, proprietor of the City Hotel, from a carnival attraction which recently disbanded here.

## NORMAL SCHOOL PROSPECT BRIGHT

Committee Feel That Rhine-  
lander Has Best Chance  
Of Securing Site

From a reliable source comes the rumor that two cities, Rhinelander and Green Bay, will be recommended to the legislature by the state board of normal regents as the most favorable locations for the new normal school. A gentleman who is closely identified with affairs in Madison intimates that Rhinelander will ultimately be selected as the site.

Along with this encouraging report comes the announcement that a bill has been introduced in the legislature asking for a repeal of the bill passed two years ago for a new normal school.

Enthusiastic over Rhinelander's prospects for securing the proposed new state normal school, the delegation comprised of Secretary E. O. Barstow of Advancement association, Judge Charles F. Smith Jr. and W. E. Brown, returned Saturday from Madison where they presented this city's claims for the institution before the state board of normal regents. At the hearing, conducted by the board eight cities, contenders for the school, were represented, namely, Oconto, Green Bay, Clintonville, Shawano, Merrill, Wausau, Antigo and Rhinelander. Marinette, which is also said to desire the school, was not represented. Among the prominent citizens, the largest delegation present.

At the hearing each city was allowed three quarters of an hour for the presentation of arguments and fifteen minutes for rebuttal. In the drawing of lots the Rhinelander gentlemen won first place and were granted the privilege of making the first arguments. Judge Smith was chief spokesman for Rhinelander and was ably assisted by Messrs. Brown and Barstow.

At the conclusion of the hearing the regents announced that each city would be granted ten days in which to file briefs, making known their various advantages and intentions for the school, after which the board would make its recommendation.

The Rhinelander delegation believe that this city has an excellent chance of being named as the logical site for the school. They feel that the regents were deeply impressed with Rhinelander's advantages and induce-ments and the report to the legislature will be partial to this city.

## BARNEY LAPPEN DIES AT MERCER

Barney Lappen, brother of Mrs. P. F. Seibel of this city, died last Thursday night at Winagar after a brief illness with heart trouble. The remains were brought to this city Friday and taken to the Seibel residence at 210 E. King street. Monday morning funeral services were held from St. Mary's church, Rev. Father Wuchter officiating.

Mr. Lappen was fifty-four years of age. He was a native of Michigan and had for a number of years been in the northern Wisconsin woods as logging foreman. He was a valuable employee and his services were constantly in demand. In Rhinelander Mr. Lappen had a slight acquaintance.

Aside from Mrs. Seibel deceased, he survived by three sisters and one brother. They are Mrs. E. D. Trail of Belvidere, Mich., Mrs. Libby Groves and Mrs. H. S. Shiner of Grand Rapids, Mich., and Edward Lappen of Idaho.

Misses Laura and Edna Lagors were here from Marico Saturday.

**JUDGE, WE WANT TO EXPRESS OUR GRATITUDE—WE LEARNED OF THE REAL TOBACCO CHEW THROUGH YOU**

**HOW COULD I HELP TELLING MY FELLOWMEN ABOUT FINDING A LITTLE CHEW THAT SATISFIES**

**THE RAIL ROAD MEN THANK THE GOOD JUDGE.**

**A MAN'S comfort is a precious thing—chewing tobacco can mar or make a man's pleasure and contentment.**

That's the reason why "Righ-Cut" users are so eager to tell their friends about the Real Tobacco Chew.

A little chew of pure, rich, mellow tobacco—cut fine, short shred—seasoned and sweetened just enough, cuts out so much of the grinding and spitting.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It's a ready chew, not too hot and short shred so that you won't have to grind it with your teeth. Grinding on ordinary tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and sugar. Notice how the salt brings out the rich tobacco taste in "Righ-Cut."

One small chew takes the place of two big chews of the old kind.

## EVENTS OF WEEK IN NEARBY TOWNS

**Stevens Point—**  
Papers in a damage suit against the Minneapolis, St. Paul & Sault Ste. Marie railroad company were filed with Clerk of the Court F. H. Timm on Friday afternoon. The suit which is for \$10,200, is brought by Mrs. Lucy Gaines Krems, through her attorneys, W. B. Murat of this city and Barton & Kay of St. Paul. This is the outgrowth of the death of Mrs. Krems' husband, Edward who was killed on February 3, 1914 while working with a Soo line train crew at the village of Cadott.

**Iron River—**  
Up to the present year the income tax law has resulted in practically no benefit to the town of Iron River, though it has been the cause of no little trouble both for private individuals, companies and public officers, but this year the town profit by the law to the extent of about \$2,000. The Iron River Lumber Company, during the year 1914, were engaged in closing up its business and disposing of its lumber stock, and therefore its income tax greatly exceeded its personal property tax of last spring. As 70 per cent of this tax goes to the town, the town's share amounts to about \$2,000.

**Hayward—**  
A special election to vote on the proposition of incorporating Hayward will be held March 16. There seem to be very little opposition to incorporation and it is expected that the question will carry with a good majority. A city of three wards is planned and a mayor and three aldermen will constitute the council.

**Washburn—**  
According to Lieutenant Commander Henry Bitchener of the Ashland Naval Militia no members from the divisions on Chequamegon bay will make the trip through the Panama during the present month. At first it was thought that several mem-

bers of the three divisions would be able to make the trip on board the United States battleships but it is now stated that no members will be given privilege of going on the trip.

**NO FEBRUARY FULL MOON**  
There will be no full moon this month. February is the only month in which such a lack ever can occur and 1846 was the last year with a moonless February. Occasionally February with its 28 days, hasn't time for a new moon to become full. There were two full moons last month and there will be two next month.

**RECOGNIZED ADVANTAGES**  
You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use to coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by All Dealers.

**PLAN CLOVERLAND TRIP.**  
The Milwaukee merchants and manufacturers have selected northern Michigan, through that section known as "Cloverland," for their annual trade junket next June. About 160 men will make the trip and their special train will consist of eight cars.

I had dull pains over my kidneys, extending into my hips and limbs and these pains seemed to take every bit of my energy and strength. **FOREST NOTES**  
It is estimated that the government's Grand Canyon game refuge, in Arizona, now contains about ten thousand deer.

More than nine million young trees and ten thousand pounds of seed were planted on the national forests in 1914.

The government built more than two thousand miles of trail and three thousand miles of telephone line on the national forests in 1914.

At least 25 per cent of the larch timber over large areas in eastern Oregon has been killed or weakened by mistletoe, and the forest service is taking steps to combat the pest.

Success has followed forest planting on the sandhills of Nebraska. Jack pines planted there by the government forest service ten years ago now have a height of over 15 feet and a diameter of 4 inches.

Increasing use of the national forests by local farmers and settlers to supply their needs for lumber is shown in the fact that small timber sales on the forests numbered 829 in 1914, against 6,182 the previous year.

### BRINGS BIG SHOE STOCK FROM EAST

The Jacobson Dry Goods Company bought the surplus stock of ladies' misses' and children's shoes from an eastern shoe manufacturer.

The stock will be offered for sale to the people of Rhineland this coming Saturday, and what ever is left over will be sold every Saturday only.

There is upwards of 400 pairs in this lot. The prices will be as follows:

Women's gun metal calf shoes, button, mat or cloth top, sizes 3 to 8 E and EE widths only, regular \$3.00 values will be sold for \$1.98.

Misses and children's gun metal calf shoes, button, sizes 3 1/2 to 2 E and EE width, regular \$2.00 values will be sold for 98c.

Boys' heavy calfskin shoes, blucher cut, sizes 9 to 2 in E and EE width regular \$2.00 and \$2.50 values will be sold at \$1.19, and \$1.29.

These shoes were purchased by the Jacobson Dry Goods Co. for the purpose of convincing the people of Rhineland that it is not necessary to send outside of our own city for footwear. If you wish to be convinced of the greatest shoe bargains you ever saw, be at the Jacobson store early Saturday. In the forenoon. The rush will no doubt be the greatest that was ever seen for one day's business, and in order that you may be able to share in this bargain event, we advise you to remember the date, Saturday Feb. 13. Be sure to come as early in the forenoon as possible, and bring your children with you, as shoes sold during this sale will not be exchanged.

### PERKINS PLEASES MARINETTE FANS

The Marinette Eagle-Star says the following of the recent Dory-Perkins fight. The Eagle-Star reported the fight by rounds.

A prettier draw was never fought here than exhibited by Joe Dory and Billy Perkins in the windup of bout before the Vernon Athletic club at the armory here last night, climaxing the second successful boxing show here under commission ruling. Some seven hundred fans, disappointed with the semi-windup, left the show satisfied they had witnessed one of the best middleweight clashes ever staged.

In only two rounds did one or the other of the feature card evince any superiority over the other. Dory's spurt in the second round when he swung a hard right on Perkins' jaw gave him that session. In the fifth round Perkins landed a hard right cross to the Marinette boy's jaw, giving him a shade.

Two fighters never appeared in better condition. Perkins was the same type of fighter that opposed him. The pair left the ring nearly as fresh as when they opened their controversy. They could not have put on a cleaner exhibition.

Rushes by Dory and Perkins turn brought the orderly audience to its feet but opening up apparently did not give either one the advantage Dory's nose bled in the starting inning and before the second round ended crimson trickled down both faces.

Dory slipped to his knee in the fifth round after Perkins landed a blow on the head but which was not effective. It was the shifting of his position that caused the Marinette boy to lose out for a second but he came back enough to earn a draw.

**REV. WOODWARD VISITS COUNTY**

Rev. Daniel Woodward, warden of the state penitentiary at Waupun, was at Tomahawk Lake during the week inspecting the new state tuberculosis sanitarium. Mr. Woodward is one of the best known prison officials in the country and he has been exceedingly active in prison reform work. Many of his theories in the treatment of prisoners which he has put in force in Waupun have worked out most successfully.

Vice Pres., Sam Johnson.  
Sec., A. S. Post.  
Treas., A. Schauder.

### STAPLETON WILL HELP UNEMPLOYED

Postmaster Stapleton will assist those out of work, and those needing help, through the recent establishment of the United States department of labor, bureau of immigration. An appeal has been particularly made to farmers.

Blanks have been received at the local office, and may be had from the postmaster, which contain a number of questions as to experience, wage expected and other matters. A similar blank has been arranged for the employer who needs farm help.

These blanks may be either returned to the postmaster or given to rural mail carriers, who will transmit the slip to the department free of postage charge.

The establishment of the "free job" bureau by the government is an innovation.

### GOT YOUR PLATE?

Madison, Wis., Feb. 8.—There are many thousand automobile owners throughout the state subject to arrest for neglecting to carry 1915 number plates. Up to date only a boat 14,000 owners have purchased their new plates and according to the 1914 licensing records there are over 55,000 cars in the state. Local authorities have been accustomed to allow one month of grace but as that time was up a week ago they will henceforth be instructed to do their duty.

One carload of plates has been received and another carload is on the way. The prospects are that the 1915 licenses will be greatly increased. Last year the number gained 55 percent over the year before. Dealers are reporting sales brisk for March delivery.

### Army Conquers Typhoid

Yesterday I met a prominent educator who, in response to my "How are you?" replied: "Rather tired; I've been a good deal worried by the illness of my son, who has a serious attack of typhoid fever. The anxiety has raised hob with my sleep, and I've had to drive myself to accomplish such work as can't be put off."

I learned further that this was the third outbreak of typhoid fever in that one family of six. Each one was, of course, accompanied by anxiety and serious interference with the happiness and general well being of the entire family. Nevertheless they count themselves lucky to have thus far, escaped the grief of death from the disease.

In contradiction to the experience of this family, the typhoid experience of the United States army is most interesting and suggestive. According to the latest official report of the surgeon general of the army, during the previous year there had been but three cases of typhoid in the

army of 30,000 men stationed in the United States. Two of these three men were recruits of four and six days and had undoubtedly contracted the disease before enlistment.

Vaccination against typhoid fever is now compulsory in the United States army. In 1909, when vaccination was voluntary and not yet general, there were 173 cases, with 16 deaths. In 1910 there were 142 cases with 10 deaths; in 1911, 44 cases with six deaths; in 1912, 18 cases with three deaths; in 1913, three cases with no deaths.

The experience of the army proves conclusively that typhoid fever is absolutely preventable. For the present, at least, there is no prospect that the public would submit to compulsory vaccination as the soldiers in the army are compelled to do. "Personal freedom" includes the freedom to die of typhoid if one wishes to, and to risk his neighbor's life in doing so. The neighbor, however, has in anti-typhoid vaccination what appears to be an absolute preventive of infection over a limited period at least.

**Shockingly Unfit.**

The subaltern was being put through an examination in geography, where he proved himself astonishingly ignorant. At last, after a failure on his part of unusual fragrance, the examiner scowled at him and thundered: "Idiot, you want to defend your country, and you don't know where it is!"

THE NEW NORTH PRINTING CO.  
FEBRUARY 11, 1915.  
Entered at the Postoffice at Rhinelander, Wis. as Second Class Mail Matter.

Who will see the first robin?  
"Buy It Now" and buy it in Rhinelander.

Here's hoping that Rhinelander gets that new normal school.

Did you go to church Sunday? If so, why not go again next Sunday?

At the rapid advance in the price of flour even bread promises to be some a luxury.

The most successful business men in any town are the advertisers. Is it not true?

The Fuller House, at one time the pride of Rhinelander hostilities, now looks as though it had been struck by a bomb from a Zeppelin.

The Waupaca Record-Leader asks if there were any "blind pigs" in Rhinelander twenty-five years ago. No, Record-Leader, it was so easy to obtain a liquor license in those days that "blind pigs" were out of the question. By the way there are no "blind pigs" here today.

Former Assemblyman Douglas Anderson is now covering the legislature for the United Press Association which furnishes news to many of the daily newspapers of the state. He will also write special articles on labor legislation, and other matters of importance for the Milwaukee Leader.

Crandon is to have but one news paper, Brady & Son of the Forest Republic have purchased the Forest Echo of D. L. Stinchfield and will combine the two papers to be published under the name, Forest Republic. Mr. Stinchfield retires from the newspaper field in Crandon. His brothers of the craft wish him success wherever he may locate.

Wisconsin is waging a relentless and successful war against scrub wares.

Wisconsin grain growers are raising enough "pure bred seed barley" to seed all of the barley fields of the United States.

Wisconsin furnished the dairy world with the Babcock milk test, the Hartcase test, the Wisconsin moisture test for butter, the Wisconsin curd test for testing milk, the cheese making, the alkaline table test, the King system of ventilation, and the milk sediment test.

Wisconsin cheesemakers are making more than half of America's cheese.

Wisconsin farmers have built more roads than those of any other state.

Wisconsin pea canners put up 40 per cent of the nation's output of this vegetable.

Wisconsin furnishes the fruit for one-eighth of the cranberry pies of the country.

Wisconsin has led in the fight against bovine tuberculosis.

Wisconsin has pushed the corn belt to the shores of Lake Superior.

**FINDING FAULT**  
Of all the useless and destructive habits which people allow themselves to form, perhaps the most annoying is fault-finding. The fault-finder complains of everything from morning to night. The coffee is poor, the meat is overdone, the vegetables badly seasoned; clothes do not fit. The weather is never exactly right. No one acts just as he should. There is always some fault to be found with everything and everybody.

Odd that it never seems to occur to these persons that they themselves are not exactly right. In their own minds they are so correct. In every way that there is no room for question. Yet feeling sure they are right does not make them so happy as one would think it ought. There is one fault that everyone else is not of their way of thinking. All of us know persons like this, and we know how disagreeable they are and how useless their fault-finding is. There is just one thing they can do for us. They can remind us to ask ourselves if we are giving way to this habit which grows to such uncomfortable proportions. Are we guarding our tongues against giving way to such complaints and our dispositions against finding everything wrong? Let us take our good long sigh, if we feel that way, but make up our minds that the general public has not been given into our hands for training.—Milwaukee Journal.

**MADISON LETTER**  
Madison, Wis., Feb. 4.

Those who voted for Governor E. L. Philipp, and his followers in the state legislature, in the hope that they were to secure an economical administration of state affairs, and that nothing of service to the people would be done away with are in for a sad awakening. The first month of the Philipp administration has served to bring out very sharply one outstanding fact, and that is that Business, Big Business, is firmly in the saddle. Philipp with the power of appointment in his hands, is not so anxious to abolish so many of the boards, which gave him so much concern in the last campaign. He and his Big Business friends have suddenly discovered that the boards and commissions, against which they, and all the pack that followed in their train declaimed so loudly, have suddenly become "useful" to them.

The Railroad Commission, once a protector of the people is transformed into a body, for which the Railroad Companies and the Public Utility Interests have the greatest reverence. Two of the members of the Commission which has been so fair to public service corporations that its orders have never been set aside by any court, are to be displaced by a corporation lawyer in the person of Carl D. Jackson of Oshkosh, who has already been confirmed, and an employee of the St. Paul railroad in the person of Walter Alexander of Milwaukee.

Mr. Alexander's appointment was confirmed in the State Senate Thursday. Thus the Railroad Commission created after a bitter struggle to protect the public from discrimination, and excessive charges, is to be handed over to the control of men whose whole existence has been bound up in the companies they are now supposed to regulate.

The dairy and food Commissioner, J. Q. Emery, has won a reputation all over the nation, second only to Dr. Harvey Wiley, as a relentless foe of the food adulterator and misbrander. His administration of that department has resulted in giving the people of Wisconsin the most wholesome food of any state in the union. Under his direction the inspection of cheese factories and creameries, has brought Wisconsin's dairy product to a standard of excellence unequalled in any other American commonwealth. The Dairy and Food Commission has aroused the intense opposition of food adulterators, both in this and other states. It's head has not been "useful" to them, but has served the people faithfully.

Food poisoners demanded his scalp, and they are in a fair way to have their wish. Emery made his greatest reputation in fighting the use of glucose in syrups, without it being indicated on the brand. The chief interest affected was the Corn Products Refining Co., the glucose trust, and a subsidiary of the Standard Oil Co. Emery won after a bitter struggle in the last session of the legislature, but over the opposition of the man whom Governor Philipp has now selected to succeed him, Mr. Geo. Weigle of Milwaukee.

Mr. Weigle was then a member of the State Senate, and cast his vote with the glucose trust, and against honest branding of foods. Instead of being a protection to the people, who pay for the expense of this department, it is in a fair way to become a shield for food adulterators. There will be no loud call for the abolition of this department, if Mr. Weigle is confirmed by the State Senate next Tuesday. The issue will then be fairly drawn between those who believe in pure foods, and the friends of misbranders and adulterators.

These two instances are only the forerunners to many more. Government is to become the instrument of those who believe that the mass of the people were created to be exploited by the privileged few. Keep your eye on things at Madison this winter.

**FUNERAL HERE**  
Mrs. Charles Gahler died Tuesday at her home at Tomahawk Lake. She had for some time past been an invalid and recently underwent an operation for cancer at Joliet, Ill. She was 39 years of age. A husband and two children survive her. The funeral will be held Friday morning from Nick's undertaking parlors and Rev. John DeJung of the German Lutheran church will officiate. A delegation of Tomahawk Lake friends will attend the services.

Mr. Herman Rand of Pleasant St. is reported to be critically ill.

**"BOB" ROBERTSON JOINS BENEDICTS**  
Robert O. Robertson of this city surprised his numerous friends when he returned from Stevens Point, Tuesday accompanied by his bride. Mr. Robertson was married Thursday night in Stevens Point, the name of the fortunate young lady being, Miss Johanna Krueger. The ceremony was performed by Rev. John Stenen of the Presbyterian church in the presence of the bride's relatives. The newly wedded pair will make their residence in Rhinelander.

Mr. Robertson is an estimable young man and has a wide circle of friends here. He has for several months past been employed in the office of the American and Western Express companies here. His wife has only a small acquaintance here but favorably impresses all who have met her. She is said to be one of Stevens Point's well thought of young ladies. She is a sister of the late Mrs. John Mase of this city.

To "Bob" and his wife congratulations are extended. May they have a long and happy married life.

**GIVES DELIGHTFUL CONCERT PROGRAM**  
The auditorium of the high school was well filled Monday evening and an appreciative audience listened to the Kuehn Concert Co., which consisted of four entertainers. Mr. Kuehn, the director and violinist was a member of the Thomas Orchestra for many years. He performed no "stunts" so usual in concerts. Almost his whole repertoire was classic and rendered with fine feeling. Not many in the audience were conscious of his blindness.

The cello player was very good and gave promise of a career.

The reader pleased, if applause were an indication, she was fortunate in her selections of readings and gave nothing except those she was most competent to render.

Mrs. Kuehn, the pianist, was the star of the company and her rendition of the piano music showed her capable of interpreting the big things of the masters as well as selections of a lighter view. She showed a lent and a fine training throughout the entire performance.

This concert was the last of the course. It is to be regretted that the management has not received a more liberal support for the high grade talent that has been brought to our city this winter. Each and every entertainment has been worth much more than the price of admission asked.

**BISHOP WELLER AT ST. AUGUSTINE'S**  
Bishop Weller of the diocese of Fond du Lac presided at the archdiocesan meeting Wednesday at St. Augustine's church. Nine Episcopal clergymen were present at the services held morning and evening. At the evening service Bishop Weller was the leading speaker, the topic being "The Family." All services were largely attended.

Tuesday evening the Men's Club of the church passed an enjoyable evening in the Guild Hall. Athletic sports of various kinds constituted the program; lunch was served. At this gathering, Bishop Weller made an interesting talk.

Principal Cause of Cholera.  
The principal cause for an outbreak of cholera is the presence of cholera bacilli in the drinking water supply of a city. Its descent is sudden and widespread. Almost an entire population can be stricken at once. The stricken person, usually, is dead or on the road to recovery within 24 hours. Sometimes, however, a fever hangs on for several days. It is not believed that the disease can be communicated by contagion.

**SALOON AT FAIR GROUNDS BURNS**  
Fire this forenoon practically destroyed the saloon and residence building of Andrew Anderson near the fair grounds. A defective chimney caused the blaze, which had gained considerable headway before the fire department could reach the scene. Both hose companies responded to the alarm, although the building is located outside of the city limits. Over 1750 feet of hose was laid from the Whittaker residence on the east side to the fire. The building is a frame wood structure and fell easy prey to the flames, regardless of the efforts of the firemen.

Mr. Anderson, owner of the property carried \$2200 insurance on the building and contents. It is understood his family occupied the place at the time of the fire.

**HICKS HEIRS TO RECEIVE \$25,000**  
The Chinese government states a cable from Peking, has granted the sum of \$50,000 to the heirs of Bert B. Hicks of Oshkosh, and to Albert N. Sheldon and Philip Hoffman. These Americans were teachers in the Chinese college at Chentu in the interior province of Szechwan, and while on a journey down the Yangtze River were attacked by river pirates. Hicks was killed, Sheldon permanently and Hoffman slightly injured. Twenty-five thousand dollars goes to the heirs of Hicks, \$20,000 to Sheldon and \$5,000 to Hoffman, who is now back again teaching in Chentu.

Mr. Hicks was a relative of Richard Reed of this city. He was the son of E. R. Hicks, former attorney general of this state.

**TRAINING SCHOOL NOTES**  
The short course in agriculture for boys began Monday. They are now taking up the making of milk stools, mail boxes and other articles which can be made from scraps of lumber.

Miss Nellie Brown formerly a student of the White Water normal entered the Training school.

Practically the whole school is taking sewing this quarter. They are now learning the different kinds of seams.

The views shown last week were taken from the city of Washington and there was a film illustrating effect of old fashioned Fourth of July celebration as contrasted with a sane celebration.

**RHINELANDER PEOPLE FILL CHURCHES LAST SUNDAY**  
That Rhinelander people well objects of Go-To-Church-Sunday is to served Go-To-Church-Sunday was evi- get folks into the habit of attend- ing church more often. A number who have been somewhat lax in mat- ters of religion openly declared Sun- day that they would become regular attendants at church.

Last Sunday was the second annual Go-To-Church-Sunday and the day was generally held in observance throughout the state. The first Go-To-Church-Sunday was set aside in 1914 and was so successful that min- isters everywhere agreed to make it a yearly event.

Among the crowds at services were noticed many people, especially men, who are not church frequenters. One man remarked that he had resided in Rhinelander seven years and Sunday marked his first visit to any church here. One of the chief ob- jects of Go-To-Church-Sunday is to served Go-To-Church-Sunday was evi- get folks into the habit of attend- ing church more often. A number who have been somewhat lax in mat- ters of religion openly declared Sun- day that they would become regular attendants at church.

**CARL OLSON WEDS JENNIE NELSON**  
At the residence of the bride's parents, Mr. and Mrs. Peter Nelson, 428 N. Brown street, Wednesday afternoon at 5 o'clock, Miss Jennie Nelson became the bride of Mr. Carl Olson. The ceremony was performed by Rev. J. A. Snaresmo of the Norwegian Lutheran church. Miss Esther Johnson was bridesmaid and Mr. Oscar Nelson was best man. Following the wedding dinner was served to a number of relatives and friends. The bride is a popular young lady of this city and until a few weeks ago held a position at Hart's store. Her pleasing ways have won her many friends among whom she is highly regarded.

Mr. Olson is the son of Mr. and Mrs. Peter Olson of 703 Mason street and one of Rhinelander's most promising young men. He is a graduate of the high school here and of Wisconsin University.

For the present Mr. and Mrs. Olson will reside in Rhinelander and may locate elsewhere later in the year. Congratulations and best wishes are in order.

**AROUND THE CIRCLE**  
The young son of Mr. and Mrs. Oscar Engstrom is quite ill with pneumonia on Dr. Moore's farm.

Bert Rouser has certainly got a "Cuech" on the way to clean out the roads after a heavy drift; four horses hitched on a heavy sleigh with several "disk cultivators" and a couple harrows does the work.

## CATARRH OF KIDNEYS AND BLADDER

Peruna Saved Me

Mrs. Powers, whose address is given below her portrait, is an ardent friend of Peruna. She says: "I am thankful to tell you that my old trouble has never bothered me any since you received my testimonial. Any one wishing to know the facts in my case, if they will write me I will be glad to answer. Your medicine has saved me, and gave me perfect health. I frequently meet friends that knew me when I was in poor health. They ask me what has made such a change in me. I always tell them that it was the nerve remedy, Peruna. I shall praise Peruna as long as I live."

### Catarrh of the Internal Organs

Mrs. A. T. Powers, R. R. 7, Box 121, London, Ohio, writes: "I write to thank you for the wonderful good your Peruna has done for me. I was a sufferer from kidney and bladder trouble for twenty-two years. Two years ago I began to take Peruna, and I only took about three bottles and today I can say I am a well person." Catarrh is liable to affect any of the internal organs. This is especially true of the bladder, which is very frequently the seat of catarrh. This is sometimes called cystitis.

Mr. James M. Powell, No. 1522 W. Walnut St., Rosedale, Kansas, writes: "About four years ago I suffered with a severe catarrh of the bladder, which caused continued irritation and pain. I was miserable and could not stand up or walk for any length of time without extreme weariness and pain. I began taking Peruna and it greatly relieved me and in eleven weeks I was completely cured and felt like a new man." Those who object to liquid medicine can now procure Peruna in Tablet form.

Rhinelander merchants have finished the taking of their inventories and have their business affairs straightened up for the past year, and are now ready to go after business with new vim and vigor. Plenty of printers ink used in advertising should be one of their steadfast resolutions and practices for the year 1915. We are certain that a little advertising of the right sort, will show a great balance on the right side of the ledger next January.

## LINCOLN EXERCISES IN CITY SCHOOLS

Pupils Will Commemorate Birth of the Famous Emancipator Friday

Pupils in both grades and high school are having their attention drawn this week, to the life and work of Abraham Lincoln. His birthday February 12, will be observed by short programs in the high school and in several of the grades. Pictures of Abraham Lincoln, books concerning stories of his life, and other interesting articles are on exhibition in many rooms of the school. We wish every parent would ask their child, sometime this week, to tell at home something of the story of Lincoln. For the next two weeks our attention will be called to Washington, and his influence in shaping the policies of our country. If you have in your homes, pictures, books or other articles illustrative of Washington and his times, will you place them on exhibition? During the next two weeks the story of the American flag and its origin will be told in all of the grades. Why would it not be a good plan for all of the people to make a little recognition of these two of America's greatest men, by a little patriotic decoration of the home for this period. In this way we may all honor these two men who did so much, the one in the organization of the union, and the other in its preservation, who did so much, I say, to make this great nation possible and permanent. More than that, we may instill some lessons of love and reverence for that country.

Arrangements are being made for a presentation of the films of "The Merchant of Venice". The proceeds of this entertainment will be devoted to two purposes. First, we shall pay the expenses of our Thursday afternoon matinees. The balance will be used for the purchasing of slides for our geography and history classes. These films will be shown both afternoon and evening of some day in the near future. Tickets will be offered for sale at that time by members of the various schools.

The basketball team is fast rounding into shape for the game Friday night, at the high school. At that time they will meet the strong team from Grandon, who with Principal Brasure will be here Friday morning for the day. The girls' teams of the high school will play the preliminary game. There is much rivalry between these two teams, and a fast and interesting preliminary may be expected. Next week the team and its supporters journey to Antigo. On the following week the Antigo team plays here.

A determined effort is being made by teachers and many of the pupils to stamp out the cigarette habit. Success in this effort will require the active co-operation of every citizen. We are appealing for that help not on the ground that it is a law forbidding the sale and use of the cigarette, but because careful investigation, and long observation have convinced us all, that the use of cigarettes by boys of school age cannot help but be harmful. While it is true that a boy may smoke cigarettes, and at the same time be a fair student, the chances are very much against him. A census of the Industrial School at Waukesha, and of the Reformatory at "Green Bay" shows that every inmate of these institutions has at sometime been a cigarette smoker. Whereas, ordinary observations will show you that none of our better students in high school or grades uses the cigarette. I think we are justified in asking that every citizen of Rhinelander whether a parent or not, join with us and help to stamp out this dreadful habit. If the few business places from which boys are securing tobacco and cigarette paper, will refuse to supply them with it, and if the very few men, who are allowing young boys to smoke in their places of business will forbid it, I am sure our task will be greatly simplified.

Arrangements have been made whereby the boys of the seventh and eighth grades may use the gymnasium from a quarter of seven o'clock until eight o'clock, Tuesday evenings. Any boys of these grades will be welcome, at this time, and parents may rest assured that they will be excused immediately at eight o'clock. Some good teams have been organized among these boys, and we shall look for better work, when next they play a preliminary game.

## OGDEN "HEIR" DIES IN WATER TANK

T. S. Earl Has Tragical End—Theory That Ogden Was Murdered

A Houston, Texas, dispatch says that T. S. Earl, who claimed the estate of the late multi-millionaire, Francis A. Ogden, formerly of Madison and an uncle of William C. Ogden at one time publisher of the New North, by virtue of a photographic will, was found drowned in a water tank at his home. Earl was a proof reader on a Houston paper. About two weeks ago the probate court rejected the will he offered but his counsel was planning an appeal.

Murder Theory Advanced It is intimated that Francis Ogden, the eccentric millionaire, was murdered. An investigation of his death has led to the theory of foul play. It is alleged that the will held by T. S. Earl is a forgery. Ogden is said to have known Earl on a few weeks and there is no apparent reason why he should name Earl as his heir.

The alleged will offered by Thomas S. Earl, a proofreader on a Houston newspaper, is in lead pencil printing the lettering being of a crude character and resembling the work of a 18-year-old boy, the entire estate amounting to several millions, being devised to Earl. As the law requires the proponent of a will to furnish sufficient and competent proof of the handwriting of the maker of the will, it devolved on Mr. Earl to produce witnesses who could identify the lettering of the will as similar to the instruments which they had seen Mr. Ogden prepare or which had been found among his effects.

At the hearing on the petition of Mr. Earl for the probate of the alleged will, a number of depositions were presented and several witnesses, called. Mr. A. L. Cramb, a Houston business man, was called by

Mr. Earl, and after testifying that he had seen Mr. Ogden occasionally letter descriptions of real estate, admitted that he had been offered employment at a salary of \$5000 per year in connection with a board of administration, which Mr. Earl proposed to form in case the probate will was sustained by the court.

## SOCIAL EVENTS

Mrs. A. W. Shelton gives a five o'clock tea tomorrow afternoon. Mrs. Annen and Miss Steffie entertain the T. E. S. Bridge club tonight.

On Friday and Saturday occurred two very pleasant luncheons given by Misses May and Helen Brown. The tables were prettily decorated with gilded baskets containing flowers of yellow and green. The same colors were effectively used in the several courses of the luncheon and in place cards. After luncheon, bridge was played.

At the Rhinelander Grange Friday evening a program was given by the Pioneers. It consisted of vocal and instrument music and one minute talks on efficiency in reading a newspaper, in reading a book, in the dairy, in washing dishes, as a grange member. Some very good thoughts were given as a result of these talks. Quotations on weather signs followed roll call.

Sixty ladies were seated at a one o'clock luncheon Tuesday, at the home of A. W. Brown, given by Miss Edith Brown and Mrs. W. A. Brown. The spacious rooms nicely accommodated the many guests without seeming over crowded. After the five course luncheon, most of the ladies played bridge. Miss Martha Lewis of Antigo, winning head prize.

Mr. and Mrs. R. D. Eppley and Mr. and Mrs. R. C. Dayton give dinners on Wednesday and Thursday evenings.

Mrs. McArthur and Mrs. Weemer give a one o'clock luncheon Saturday.

Mrs. A. W. Shelton and Miss Margaret Shelton entertain Saturday evening.

FIRST NATIONAL BANK

### What Banking Means to the Community

WHEN bankers loan money left in their care, they quicken the pulse of general business and enable men of initiative and energy to expand. The effect is like an influx of new capital.

People must get away from the habit of saving money for the mere sake of hoarding money. Hoarded money does no good—earns no interest. By our banking methods and laws, money in this bank is safely put to work. It is loaned out on safe securities for the upbuilding of the community and its business.

## GET TOGETHER IS TO GO AHEAD

A City Divided Against Itself  
Cannot Grow Or  
Prosper.

(Contributed by Secretary E. O. Har-  
stow of Rhinelander Advancement  
Association.)

The leaders of our various civic  
bodies says a Rhinelander business  
man have been long enough at  
"Blind Man's Bluff."

In the language of Paul the Apost-  
le, "We should put aside childish  
things."

The wide awake American cities  
of today are alive to the truth of  
this. There is money and profit,  
dollars and cents, in the "Get-  
together Movement." It pays, pays  
the town, pays everybody in the  
town, makes better business bigger  
and bigger business better.

Our community has a reputation  
and it has just occurred to me that  
the reputation of our city is just as  
important to our community as my  
reputation as a good citizen is to me.  
It has never occurred to be before  
that I am a factor in making this  
reputation for my community. What  
do the people of the other parts of  
the state say about our city? What  
do the traveling men say about us?  
Well, you know what they say. It is  
better not to repeat it. I tell you  
these are serious questions and it is  
time that we are talking them over  
with our neighbors across the street.  
"Well Mr. Business Man, how are  
you going to do this?"

"By more of us business men and  
citizens joining the association and  
helping the organization. I know I  
am to blame, but I have been just  
like a lot of the other fellows, and  
I did not think of it like I do now.  
I have been from Missouri. If we  
join the organization, that means  
more efficiency."

It means Organization, Efficiency,  
it means the lopping off of dead  
branches, the taking up of slack, the  
weeding out of waste, the pitching  
off the dead load."

Organization stands for awak-  
ened public consciousness, and aroused  
public conscience. It means concil-  
iation, and conciliation means recon-  
ciliation.

The City of Get-Together has  
found itself. Factions are brought to  
peace. The folly of fighting is ex-  
posed. Energies now wasted in op-  
position are converted to dynamic  
forces in a common cause. Harnessed  
to utility, brought to doing instead  
of undoing.

The "Get-Together Movement" is  
the beginning of the American-made  
ready.

It is the first lesson in the stra-  
tegy of success.

A city, a town, divided against it-  
self is ridiculous in the eyes of pro-  
gress. It is unprepared.

Nothing is more important to com-  
munity life, nothing more important  
to the individual incentive, nothing  
more vital to business building than  
the "Get-Together Movement."

It is the answer to incompetency,  
the defiance of failure, the turning of  
obstacles into opportunity, and the  
wrestling of achievements from diffi-  
culty.

It is making good.

THIS TOWN  
If you can't own the town don't dis-  
own it.  
This life is what we make it. So  
is the town.

In some respects this town is not  
perfect. Are you?  
What this town needs isn't fault-  
finders, but fault fixers.

This town will never grow on mon-  
ey that is sent to some other town.  
The country is growing in population.  
Is this town keeping up?

The man who begins to plan for  
this town will soon be calling it  
"My Town."

This town had to be started by some-  
body. It has got to be kept going  
by somebody else.

This town doesn't need boosting any  
more than any other town, but it  
needs it just as much.

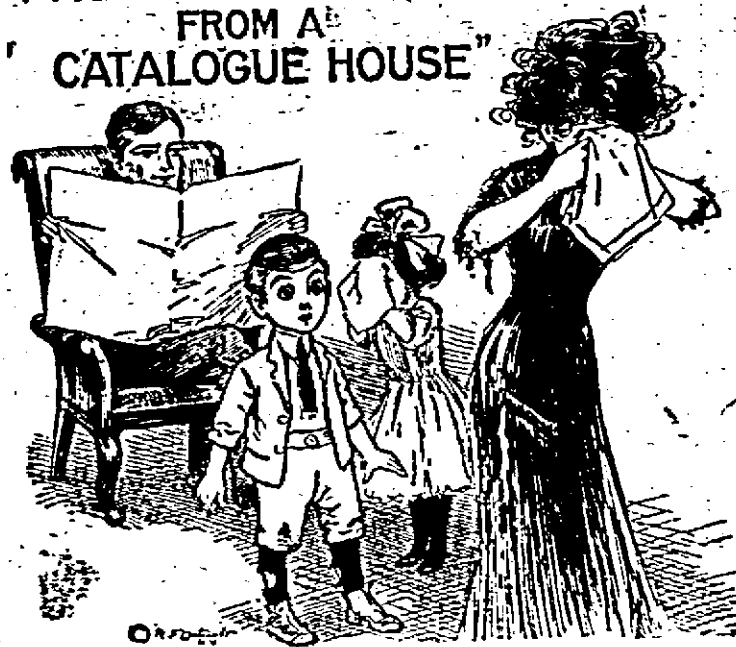

The pioneers thought this was a good  
place for a town.

Let's make it a poor place for knock-  
ers.

The easiest way to make things  
right at Washington is to begin  
by making things right at home.

COME HERE TO WED

WHICH WE DID NOT MAKE GOOD? NOT ON YOUR SWEET LIFE.

WHEN WE SELL YOU, YOU SEE WHAT YOU BUY BEFORE YOU BUY IT;  
YOU KNOW IT SUITS YOU; YOU HAVE NO HIGH FREIGHT TO PAY; YOU GET  
IT THE DAY YOU WANT IT.

DON'T BUY FROM US "TO KEEP YOUR MONEY AT HOME," BUT BECAUSE  
YOU CAN BUY BETTER STUFF FOR LESS MONEY THAN BY SENDING AWAY.

**WE** claim that we are justly entitled to your  
patronage for the following reasons:

We were the first persons here in this city to give  
you an **up-to-date dry goods store**.

We are doing ALL in our power to boost Rhineland-  
er. Our name is seen on nearly every paper that is  
being circulated, either towards the needs of the town,  
or towards the betterment of Rhinelander.

We give you CITY SERVICE at mail order prices.

If you are reliable you never have any trouble in  
getting credit, and for which we charge **no interest**.

So you can see for yourself that by not patronizing  
us you not only hurt the individual, but you are hurt-  
ing the entire city of Rhinelander and community.  
You are practically stopping the growth of population  
as well as the business section of Rhinelander, and the  
final result is that you are really hurting **yourself** to  
a greater extent than the other fellow. The value of  
your property is constantly decreasing, while your  
**taxes** are always **increasing**.

**WHY NOT BOOST RHINELANDER** by buying your goods at  
**HOME?** Especially when you have a **store like ours**, where the  
prices are always the lowest, assortments the largest and the **ser-

### State of Wisconsin, Circuit Court—

Oneida County.  
In the matter of the Application of Clark G. Kuey, and Kuey-Parlette Lumber Company, a corporation, for the organization of a drainage district in said Oneida County.

Notice is hereby given—

1. That on the 23rd day of January, 1915, there was filed in the office of the clerk of the circuit court, of Oneida County, Wisconsin, a petition, duly signed and executed by Clark G. Kuey and Kuey-Parlette Lumber Company, a corporation, of Three Lakes, Wisconsin, praying for the organization of a drainage district, to be known as Three Lakes Drainage District, and for the appointment of commissioners for the execution of the proposed work, which said drainage district comprises the lands hereinafter described under subdivision 4 hereof. That an order of the circuit court for Oneida County, Wisconsin, fixing a time and place for the hearing of said petition, was filed with the clerk of the circuit court for Oneida County, Wisconsin, on the 3rd day of February, 1915.

2. The description of the three ditches asked for in said petition, is as follows:

(a) Beginning at the easterly shore of Rice Lake, at a point on the town line between township 33 north and 39 north of range 10 east; thence running easterly, parallel with and adjacent to the public highway constructed on said town line, to the shore line of Range Line Lake, a distance of about 2 miles.

(b) Commencing on the state road at a point where said road crosses the 1-8 line in the NE 1/4 of section 13, township 33 north of Range 10 east; thence running in a northerly direction along said 1-8 line to a point on the east and west quarter line of section 12; thence in a north westerly direction to the NW corner of the SW 1/4 of the NE 1/4 of section 13; thence in a northerly direction along the quarter line through section 12 and 1, emptying into the ditch described at "(a)".

(c) Commencing at the NW corner of Lot 3, thence running in an easterly direction along the 1-8 line of section 2, across said sections 2 and 1, to a point at the NW corner of the SE 1/4 of the SW 1/4 of section 1; thence northeasterly to the center of section 1, emptying into the ditch described at "(b)".

3. That the said drains or ditches to be constructed will consist of no less than two ditches running easterly and westerly across said district, the northerly of which ditch will be located upon the town line between the towns of 33 and 39 north of range 10, parallel with and

immediately adjacent to a town highway located on said line; that the other said ditch running easterly and westerly across said district will be located approximately at the 1-8 line, extending across sections 1 and 2 in township 33 north of Range 10 east. That another ditch will extend in a northerly and southerly direction near the easterly boundary line of said district. That the said ditches will be 8 feet deep, 4 feet wide at the bottom and 20 feet wide at the top, and conveying the water into Town Line Lake and Range Line Lake; and will also consist in a deepening and cleaning out of Thunder Creek, connecting said Thunder Lake with Rice Lake.

4. The land comprising said proposed district is described as follows, to-wit:

Lots 4 and 5, section 34, and the SE of the SE section 34; the entire south half of section 35, and the west 1/4 of the SW 1/4; and the SE of the SW 1/4 of section 36, all in township 33 north of Range 10 east. Lot 1, and the NE of the NE of section 3. All of section 2. The entire NW 1/4, and the W 1/2 of the NE 1/4, and the north 1/2 of the SW 1/4, and the W 1/2 of the SE 1/4, and all that part of the E 1/2 of the NE 1/4 lying west of the C. & N. W. Railway, in section 1, township 33, north of range 10 east. The S 1/2 of the SW 1/4, section 1, township 33, north of Range 10 east. Lot 1 of section 11, township 33 north of range 10 east. The entire W 1/2 of section 12, and the W 1/2 of the NE 1/4 and the W 1/2 of the SE 1/4, and the SE of the SE of section 12 township 33 north of range 10 east. The entire north 1/2 of section 13, and the NE of the SE of section 13, township 33 north of range 10 east. Lots 1 and 2, and the SE of the NE of section 14, township 33 north of range 10 east.

5. The name proposed for the said drainage district is "Three Lakes Drainage District."

6. That by an order of the circuit court of said county, filed with the clerk of said court on the 3rd day of February, 1915, it was ordered that a hearing on said petition be held before the court at the circuit court room in the court house in the city of Rhinelander, Wisconsin, on the 1st day of March, 1915, at two o'clock p. m. of said date, or as soon thereafter as the same can be heard.

Dated this 3rd day of February, 1915.  
E. C. STURDEVANT,  
Clerk Circuit Court for Oneida Co., Wis.

Miss Lillian O'Donnell entertained her little friends Saturday, it being her 10th birthday.

### HOW TO PREVENT

#### BILIOUS ATTACKS

"Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be warded off. For sale by All Dealers.

#### KILLS A WOLF

Guy Dalley brought to Rhinelander Friday, the carcass of a wolf which he shot not far from this city. He received the county bounty of ten dollars and will get an equal amount from the state.

#### "THE BEST LAXATIVE I KNOW OF"

"I have sold Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of." writes Frank Strouse, Fruitland, Iowa. For sale by All Dealers.

### HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well. So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article. For many years, druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it. It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post. Regular sizes for sale at all druggists—fifty-cents and one-dollar.
